ABOUT US

North Dakota Medical Group Management Association (NDMGMA)

is a professional association comprised of medical practice managers, administrators and healthcare executives. We are an affiliate of the national MGMA.

We strive to provide members with the opportunity for professional and personal growth through education and networking with colleagues.

MISSION

The primary mission of NDMGMA includes enabling medical practice executives and their organizations to improve the health of the community and patients they serve.

MEMBERSHIP

North Dakota Medical Group Management Association (NDMGMA) membership is as diverse as the healthcare industry and includes managers of small, medium and large medical practices. Healthcare administrators, managers, physicians, billing and financial staff and a variety of other healthcare professionals make up the diverse membership of NDMGMA.

Whether you are new to medical practice management or a seasoned veteran, North Dakota MGMA provides you with valuable tools, resources and education to sustain and enhance the medical practice. We are dedicated to the advancement of group practice management through educational programs and information exchange, along with the enrichment of good fun and fellowship.

BENEFITS OF MEMBERSHIP

- ⇒ Professional development
- ⇒ Connection to healthcare leaders
- ⇒ Networking opportunities
- ⇒ Empowerment
- ⇒ Education

Membership is more than networking. It's making connections that matter.

Join us today to connect with peers and experts who share successes and failures to help you achieve your practice management goals and enhance your career.
